

Analogic Voltage Detector

Voltage Detectors

Medium voltage detector - Indoor

SAFETY CATALOGUE

Optical

Analogic voltage detector Medium Voltage - Optical

Voltage presence is indicated by LED lights. Self-checking system by means of an incorporated piezoelectric generator.

It works with no battery.

Indoor use by insulating pole according to the rated voltage of the detector.

Connection to the pole by Universal head.

640 VTO-5/36-U

- Rated voltage: from 5 to 36 kV
- Frequency: 50 / 60 Hz
- Supplied with a metallic box to store and transport the voltage detector.

Code	Ref.
640200	VTO-5/36-U

640 VTO-5/66-U

- Rated voltage: from 5 to 66 kV
- Frequency: 50 / 60 Hz
- Supplied with a metallic box to store and transport the voltage detector.

Code	Ref.
640205	VTO-5/66-U
